

# BSC (HONS) HEALTH AND SOCIAL CARE

with Foundation Year

Delivered in partnership with the University of Bolton, the **BSc (Hons) in Health and Social Care with Foundation Year** is delivered in excellent teaching facilities which provide a stimulating learning environment that will be both engaging and memorable. This Foundation Year Course offers you the opportunity to develop the values, practical skills and knowledge necessary for a successful career in the global health and social care environment.

Our highly experienced and dedicated team will lead you in an exploration of the principles of care, professional values, attitudes and behaviour, ethical practice of care, promoting physical and mental health and emotional wellbeing and safeguarding and promoting diversity and inclusion. Our focus is on helping you become a knowledgeable, compassionate, and person-centred care professional.

## What should I do the BSc (Hons) Health and Social Care with Foundation Year?

This degree will give you a good foundation, allowing you to work in a wide range of statutory, voluntary and independent settings, including local authority teams, health promotion projects, refugee and asylum service hospitals, sheltered accommodation, hospices and day centres, and residential care units.

In addition, graduates with a health and social care background are also in a good position to be considered for careers in health education and health promotion, welfare, health research, community mental health and commissioning and care management services.

Graduates may seek roles as service managers and coordinators, in advocacy, education and training, or as technicians and support workers helping children and families, older and disabled people, drug and alcohol abusers, and people with mental health problems.

### Progression Opportunities

A degree in health and social care looks at health in its broad context and investigates contemporary health issues. There's a growing demand for health and social care workers who are not restricted by boundaries and can work flexibly

to accommodate the increasingly complex health and social care needs of individuals, families and communities.

This degree will also enable you to develop a range of key transferable employability skills, including written and verbal communication skills, IT skills, and the ability to work independently and in a team, research and data analysis skills, and the ability to provide support and guidance.

### Entry Requirements

|              |  |
|--------------|--|
| UCAS points: | <b>48</b>  |
| Level 3:     | <b>Any subjects are acceptable</b>                                 |
| GCSEs:       | <b>Five at grade C or above / grade 4 to 9</b>                     |
| IELTS:       | <b>5.0 with no less than 4.5 in any band (non-native speakers)</b> |

If you didn't study GCSEs / A-Levels and have non-traditional entry qualifications or relevant work experience we will be happy to consider your application. You'll be required to attend an interview as part of the admissions process.

The College is required to carry out DBS checks for students undertaking compulsory placements where they are working with vulnerable groups and engaging in regulated activity.

To join this course, you must complete an enhanced DBS check and will be required to disclose certain criminal record information prior to starting your studies. We will cover any costs associated with carrying out the DBS check as part of your tuition fee.
